

Key areas

- 11** Cattle, sheep, goat: Breeding and reproduction technology, machinery and equipment for management and feeding, animal identification, hoof care equipment, pasture management technology, TopTierTreff
- 12** Cattle: Machinery and equipment for management and feeding, DLG Forum Dairy & Cattle
Horse: equipment for management and feeding
- 13** Cattle: Machinery and equipment for milking and refrigeration, DLG Spotlight Barn Robot Event
- 15** Pig: Breeding and reproduction technology, machinery and equipment for management and feeding, piggery and shed construction
Cattle: Barn and shed construction
- 16** Pig: Machinery and equipment for management and feeding
- 17** Pig: Machinery and equipment for management and feeding, controlled environment and environment technology
Poultry: Breeding/hatching technology, machinery and equipment for management and feeding, poultry housing and shed construction, machinery and equipment for management and feeding, controlled environment and environment technology, slaughtering and processing, egg grading and processing, DLG Forum Pig & Poultry
- 20 + 22** All species: Compound feed, feed components and additives
- 21** All species: Compound feed, feed components and additives, veterinary products and equipment, insect production, new protein sources, Aquaculture Lounge, DLG Spotlight Feed for Future
- 23** All species: Compound feed, feed components and additives, disinfectants, disinfection equipment
- 24** All species: Feed storage, milling and mixing dosification, feed pelleting
EnergyDecentral: Biomass storage, processing and pelleting of solid fuels
- 25** EnergyDecentral: Biogas/biomethane, Natural gas filling stations CNG and LNG, substrate conditioning, fermentation, CHP units, gas feed-in, biofuels, biochar, energy system, solar power, wind power, storage systems, combustion Technology, analysis Technology, DLG Spotlight Decentralized energy supply (including DLG Forum EnergyDecentral)
- 26** All species/ EnergyDecentral: Loaders/lifters, high pressure washers, bunker silos, agricultural software, consultancy, direct marketing, Campus & Career including Science & Research, DLG Stand, International Visitors' Lounge, DLG Spotlight Emission control, DLG Spotlight Sustainable farming concepts, DLG Prototype.Club, AgriFutureLab, Stand "Young innovative companies", Focus animal welfare
- 27** Cattle: Machinery and equipment for management and feeding, automatic feeding systems, bale opening devices, silo unloading equipment, livestock transport
All species: Slurry technology, pumps, agitators and separators
EnergyDecentral: Silo unloading equipment, dosing systems, fermented product applications
